# Part X, Line 2:

The Organization accounts for the effect of any uncertain tax positions
based on a "more likely than not" threshold to the recognition of the tax
positions being sustained based on the technical merits of the position
under scrutiny by the applicable taxing authority. If a tax position or
positions are deemed to result in uncertainties of those positions, the
unrecognized tax benefit is estimated based on a "cumulative probability
assessment" that aggregates the estimated tax liability for all uncertain
tax positions. The Organization has identified its tax status as a
tax-exempt entity as its only significant tax position; however, the
Organization has determined that such tax position does not result in an
uncertainty requiring recognition. The Organization is not currently under
232054 09-01-22 Schedule D (Form 990) 2022

examination by any taxing jurisdiction. The Organization's federal returns

are generally open for examination for three years following the date

filed.
